Free UK Competitor Brief Sample Pack

This is the exact shape of our £35 competitor brief: three named competitors, five observations you can check, and three practical positioning changes. The prices below are real, taken from the groomers' own sites on 21 Oct 2026. The buyer (a new mobile groomer) is a worked example so you can see the deliverable.

Honest limits: we only use what a business publishes. No mystery shopping, no invented prices, no financial advice. Written with AI assistance and checked line by line by the TCH Works team.

1. Brief (worked example)

Client type: new mobile dog groomer planning to start near Swanley / Dartford, Kent.
Question: what should a small-dog and large-dog full groom cost so we sit sensibly against local rivals?
Scope: three competitors with published price lists; desk research only; 2 working days.

2. Three competitors (sourced)

Groomer	Area	Small from	Large from	Source page
Bark Lane	Swanley, Kent BR8 7LN	£55	£75	www.barklanehextable.co.uk/our-services
Latin Groomer	Bow, London E3 5ES	£55	£75	www.latingroomer.com/
Top Paws	London / South East (mobile)	£58	£75	www.top-paws.co.uk/services-1

Notes from each source page:

- Bark Lane — Small £55, medium £60, large £75, giant £90; prices include VAT
- Latin Groomer — Small £55 to giant £95 (five sizes)
- Top Paws — Small from £58, medium from £65, large from £75

Checked: 21 Oct 2026. Same figures as the live 11-groomer sample report on the service page.

3. Five sourced observations

1. All three publish a clear full-groom entry price between £55 and £58 for a small dog (checked 21 Oct 2026).
2. Large-dog full grooms cluster at £75 across Bark Lane, Latin Groomer and Top Paws — that is the local ceiling in this set, not a bargain floor.
3. Bark Lane and Latin Groomer both start small dogs at £55; Top Paws (a mobile operator) starts £3 higher at £58, so mobility alone is not priced as a discount here.
4. Bark Lane states prices include VAT on the services page; the other two do not spell VAT out next to the headline figure on the pages we checked.
5. Only Bark Lane publishes a four-step size ladder (small / medium / large / giant) with giant at £90; Latin Groomer uses five sizes up to £95; Top Paws publishes three size bands.

4. Three practical positioning changes

Move 1. Price a small-dog full groom at £52–£54 if you want to sit just under the £55 cluster, and say on the booking page that the figure includes VAT so customers can compare like-for-like with Bark Lane.

Move 2. Publish a simple three-band size chart (small / medium / large) with large at £72–£74 — under the shared £75 large price — rather than hiding the large-dog rate behind 'from'.

Move 3. Lead with 'we come to you' and a same-week slot promise on the first screen; Top Paws already proves mobile can charge a small premium, so do not undercut yourself just because you are mobile.

What you get on a paid £35 brief

- Three competitors you name (or we find from public listings in your town)
- Five observations, each tied to a source page and the date we checked it
- Three practical positioning changes (price bands, how you present size, first-screen promise)
- PDF back in 2 working days after payment
- No phone calls, no mystery shopping, no made-up figures

How this sits next to our other research packs

- £35 competitor brief (this format) — 3 rivals, fast decision support
- £45 price snapshot — up to 15 rivals, chart + spreadsheet, 3 working days
- £120 market report — up to 30 rivals + official market figures where they exist, 5 working days
