Monthly Wall Calendar

Twelve undated months and a year-at-a-glance page. A4 or A3.

What's inside

- Year at a glance p.2
- Twelve undated month pages p.3

How to use it

1. Write the month and the dates in the small box of each day.
2. Print on A4, or at A3 for the fridge (choose 'fit to page').
3. One colour per person makes it readable from across the room.
4. The calendar file in your download adds a Sunday admin reminder to your phone.

Print it or type into it

Print at 100% on A4, or 'fit to page' on A3 for a bigger wall version. You can also type into every day on screen.
