

Fridge-First Meal System

Plan the week from what's already in the fridge, then shop only for the gaps.

What's inside

- The 15-minute fridge clear p.2
- A filled example week p.3
- Six fridge-first weeks p.4
- Leftovers and fallbacks p.10
- Gaps-only shopping list p.11

How to use it

1. Before you plan anything, do the fridge clear and write the eat-first list.
2. Build seven teas from that list. One night is leftovers.
3. Only then write a shopping list, and only for the gaps.
4. Repeat weekly. Most families cut their shop by a bag.

Print it or type into it

Print at 100% on A4 (or 'fit to page' for US Letter). To fill it in on screen, open it in Adobe Acrobat Reader, Edge, Chrome or Mac Preview and click any line or tick box.

Open the fridge before you write a single tea.

[illegible]

Half a roast chicken, wilting spinach, two peppers and leftover chilli.

You plan from what you own, not from a recipe book. The shopping list ends up shorter, and less goes in the
