

Revision Timetable

Weighted by exam date and grade gap, with timetables already ruled up.

What's inside

• Exam list and where the hours should go	p.2
• Weekday timetables (after school, 50/10 blocks)	p.3
• Weekend and holiday timetables (25/5 blocks)	p.7
• Topic tracker: red, amber, green	p.9
• Past-paper log	p.11

How to use it

1. List every exam with its date, current grade and target grade.
2. Give more slots to subjects with the biggest gap and the nearest date.
3. Fill one timetable a week. Hardest topics go first, when you are freshest.
4. Friday: tick what you did, move what you didn't, colour your topics.

Print it or type into it

Print at 100% on A4 (or 'fit to page' for US Letter). To fill it in on screen, open it in Adobe Acrobat Reader, Edge, Chrome or Mac Preview and click any line or tick box.

Gap = target minus current. A bigger gap and a closer date earn more slots.
