Weekly Training Plan

Three ready-made beginner weeks, twelve blank weeks and a progress log.

What's inside

- Three ready-made beginner weeks p.2
- Your week: twelve undated planner pages p.3
- Twelve-week progress log p.15
- Warm-up, cool-down and safety p.16

How to use it

1. Pick one of the ready-made weeks, or copy its shape into a blank week.
2. Mark each day Easy, Hard or Rest. Never two hard days in a row to start with.
3. Tick sessions as you do them. Note sleep and energy.
4. Every Sunday, fill one line of the progress log and adjust next week.

Print it or type into it

Print at 100% on A4, or click into any box to type. The calendar file in your download puts the sessions in your phone's calendar. Not medical advice: check with your GP if unsure.
