

Debt Snowball Payoff Pack

Snowball or avalanche, a payment log and a tracker to colour in.

What's inside

• Every debt on one page	p.2
• Snowball or avalanche: choose	p.3
• Payoff plan	p.4
• Payment log	p.5
• Debt-free tracker	p.7
• Free UK help	p.8

How to use it

1. List every debt: who, balance, minimum payment, interest rate.
2. Choose snowball (smallest balance first) or avalanche (highest rate first).
3. Pay minimums on everything, put every spare pound on the first debt.
4. When one's cleared, roll its payment into the next. Colour the tracker.

Print it or type into it

Print at 100% on A4, or type into any box. A planning tool, not financial advice. If debts feel unmanageable, free and confidential help is on the last page.

Either way
Always pay every minimum on time. Missed payments add fees and hurt your credit file. The extra money goes on one debt at a time.
