

PRINTABLE BUDGET · WEEKLY, FOUR-WEEKLY OR MONTHLY PAY

UK Payday Budget Pack

Bills first, envelopes next, then see what's left. Built for UK pay cycles.

What's inside

• Pay cycle and income	p.2
• Bills due before next payday	p.3
• Envelopes: split what's left	p.4
• Four weekly spend sheets	p.5
• Month review: planned against actual	p.9
• Leftover calculator	p.10

How to use it

1. On payday, write what actually landed. Not what you hoped.
2. List every bill due before the next payday and take it off.
3. Split what's left into envelopes: food, transport, kids, fun, buffer.
4. Track each week. At the end, send any leftover somewhere on purpose.

Print it or type into it

Print at 100% on A4, or type into any box. A planning tool, not financial advice. For free debt help in the UK, contact MoneyHelper or StepChange.

W.

- Period _____ Payday _____ Next payday _____

Fixed bills go first, before anything else is spent.

Total bills £ _____ Money in minus bills = £ _____

Week of _____

Envelope money this week £ _____

[illegible]

Week of _____

Envelope money this week £

[illegible]

Week of _____

Envelope money this week £

[illegible]

Week of _____

Envelope money this week £

[illegible]

Planned against actual. No guilt, just numbers.

Leftover money that stays in the current account disappears. Send it somewhere.

		£
A	Money in this period	
B	Bills paid	
C	Envelope spending	
D	Leftover (A minus B minus C)	

Where the leftover goes

Destination	£	Done
Emergency fund		☐
Savings pot for a known cost (car, Christmas)		☐
