

PRINTABLE SAVINGS PLANNER · NAMED POTS

Sinking Funds Tracker Bundle

Named savings pots for the costs you know are coming.

What's inside

- Sinking funds at a glance p.2
- Ten fund trackers p.3
- Year view p.8

How to use it

1. List the known costs coming this year and when they land.
2. Divide each by the months left. That's the monthly amount.
3. Pay into each pot on payday and log it.
4. When the bill comes, it's already paid for.

Print it or type into it

Print at 100% on A4, or type into any box. A planning tool, not financial advice.

Target divided by months left = monthly amount.

Fund	Target £	Needed by	Months	Monthly £	Saved £
Car: MOT, service, tyres					
Christmas					
Holiday					
Kids and school					
Home repairs					
Birthdays and gifts					
Insurance excess					
Emergency buffer					
Pets					
Your own
