UK Product Listing Rewrite Sample Pack

Free · 10 fictional before → after examples · Shopify / Etsy-style shops · TCH Works

This pack shows how TCH rewrites thin product copy into clear titles, benefit-led descriptions, spec bullets and an SEO meta title + description. **Every product below is fictional** — demo data only. We only use facts you or your supplier confirm. We never invent reviews, awards, medical claims or certifications.

What you get

• 10 before → after listing rewrites across common UK shop categories.
• Title, body, bullets, meta title and meta description on each.
• A one-page brief checklist so you can send your own CSV cleanly.
• How to book 10 products for £20 or 25 for £45 (live Stripe links).

Honest limits

• Not a scraped dump of real brand listings — demos only.
• Not legal, medical or financial advice. Not trademark clearance.
• Amazon/eBay policy quirks vary; you stay responsible for platform rules.
