

Beginner Gym & Run — Weekly Training Plan (UK)

The Content Hub

Simple progressive week · Gym + outdoor run · Rest built in

Printable · A4 · £4.99–£12.99

How to use

Aimed at beginners in the UK: 3 gym sessions + 2 easy runs + 2 rest/active recovery.
Warm up 5–8 min. Use RPE (effort 1–10): stay at 5–7 until form is solid.
Tick sessions done. Note sleep and energy. Progress load only when all ticks feel easy.

Name: _____ Week of: ____ / ____ Goal: strength / couch-to-5k / general fitness

Day	Session	Detail (beginner)	RPE	Done
Mon	Gym A — Full body	Squat / press / row · 3×8–10 + core	6	■
Tue	Easy run / walk-run	20–30 min Zone 2 · conversational pace	5	■
Wed	Rest or mobility	Walk 20 min · stretch hips/shoulders	2	■
Thu	Gym B — Push/pull	Push-up / DB press / lat pull · 3×8–10	6	■
Fri	Easy run	25–35 min · flat route if possible	5	■
Sat	Gym C — Legs + core	Lunge / hinge / plank · 3×8–12	6–7	■
Sun	Full rest	Sleep priority · light walk optional	1	■

Warm-up · Cool-down · Safety

Warm-up: march / easy bike 3 min → arm circles → bodyweight squat ×8 → light set of first lift.
Cool-down: 3–5 min walk + stretch calves, hamstrings, chest. Hydrate.
Stop if sharp pain. Muscle burn OK; joint pain is not. Ask a coach if unsure on form.
UK tip: dark evenings — reflective kit for runs; gym classes often quieter mid-morning.
