1 • Brain dump (no order)

Empty the tabs. Circles later. Nothing is wrong if the page is messy.

Filled example: PE kit · dentist letter · bin · reply to school · milk · birthday card

2 · Three must-dos only

Circle three from the dump. Everything else parks. Soft rule: three is a win.

Must-do 1

Must-do 2

Must-do 3

Filled example: 1) PE kit by door 2) Food shop short list 3) Bin + recycling

3 · Body-double tidy (20 min timer)

- Start a timer with a person / podcast / video on
- One room or one surface — not the whole house
- Stop when the timer ends even if unfinished

4 • Meal glance (no masterpiece)

	Sat	Sun	Mon fallback
Breakfast			
Lunch			
Dinner			

Filled example: Sat leftovers · Sun roast chicken · Mon eggs on toast fallback

5 • Done is enough

Tick what happened. Soft close — no shame list.

- Three must-dos touched (even partially)
- One tidy block finished or timer stopped on purpose
- Food idea exists for tonight or tomorrow
- Brain dump parked — not erased from existence
